

Tilahun Tareke

FULLSTACK WEB DEVELOPER

tilahuntareke8@gmail.com | GitHub | LinkedIn | Portfolio | +251983898486

Summary

I am a full-stack developer with a background in JavaScript, CSS, HTML, React Node.js and Express.js. I have also specialized in mobile app development using Java. I have good problem-solving skills and I can learn new things quickly. I am looking for a fast-growing technology company or startup to which I can help and contribute as a Front-end developer, Back-end developer, or Full-stack developer.

Skills

Front-end: React|JavaScript|HTML5| CSS3|Bootstrap|Tailwind css

Back-end: Node.js|Express.js|

Database: MongoDB|MySQL

Mobile development: Java

Tools and Methods: Git|GitHub|Render|Netlify|API

Professional: Remote Pair-programming|Teamwor|Collaboration|Problem Solving

Experiences

HIGHLIGHTED PERSONAL PROJECTS

March

2025–present

Full-stack developer

Mastered topics including React, Redux, Node.js, and Express.js for full-stack development, while building front-end, back-end, and full-stack projects independently and with the team via pair programming

- **Health Guidance and location service:** A full-stack app that allows users worldwide to see a list of health centers and their appointments with doctors. It enables doctors to manage their appointments and availability with their users or patients.
 - ◆ **Built With:** React, Redux, Tailwind css, Node.js, Express.js and MongoDB
 - ◆ **Visit Source:** Source
- **Plan Monitoring and Evaluation:** The system used to track the implementation, progress, and effectiveness of a plan, project, or program in an organization
 - ◆ **Built With:** React, Redux, Tailwind css, Node.js, Express.js and MongoDB
 - ◆ **Visit Source:** Source

Education

Woldia University
2021– present

October

BSc in Software Engineering
